

Hexagon Metrology, Inc. Leitz Calibration Service Options

In order to better serve our customers Hexagon Metrology is now offering three levels of calibration service. When you call for your pricing please let us know what level you would like us to quote. The pricing is all inclusive and is based on the size of your machine and your location.

- 1. Bronze:** Standard B-89 Recertification (after adjustment data only)
- 2. Silver:** ISO 17025 accredited certification or calibration (includes before and after data)
- 3. Gold:** ISO 17025 accredited certification or calibration.

	Bonze	Silver	Gold
Perform preventative maintenance	X	X	X
